2018 Board Of Directors and National Assigned Executive Officer Ben Mak in JCI Hong Kong 2018 Inauguration Ceremony

CONGRATULATORY MESSAGE

HONARARY PATRON THE HON ELSIE LEUNG GBM,JP

First of all, my congratulations to the 2018 Board of Directors of the JCI Hong Kong Jayceettes on occasion of its Inaugural Ceremony.

Over the years, the JCI Hong Kong Jayceettes has achieved the goals to develop its members' potentials and has contributed to the betterment of our society through many diverse projects. This year, the theme of the Hong Kong Jayceettes is "Engage to Empower". I believe that its members would support the theme and treasure the JCI platform to excel themselves by involving in different projects and activities.

I am glad to see JCI's focus on fostering mutual care in our community, reducing inequality and empowering women under its flagship project of Care & Dare Campaign. I am also delighted to know that with the UN Sustainable Development Goals' initiatives in 2018, a project to help the local primary students to learn about such initiatives will be launched.

I am excited to learn about how these meaningful projects will roll out. I have confidence that the Hong Kong Jayceettes will achieve these goals and offer my best wishes to the new Directors for every success during their term of office.

NATIONAL PRESIDENT SENATOR RONALD KAN

2018 has commenced and our work as active global citizens is off to a flying start!

This year I encourage you all to take charge of your destiny and make it your goal to live dynamically. JCI is an amazing platform that can transform your lives by discovering and fine-tuning your innate talents, and then applying them to serve humanity. This positive attitude for living is the power behind the national theme for 2018, Beyond BeLive.

One main focus for NOM in 2018 is in further strengthening our international network, particularly in connecting with Belt and Road countries and their people. A Belt and Road Forum will be hosted by JCIHK in April of this year and we encourage all members to attend and benefit from this experience. Also, the Let's Do It Campaign will also be emphasized to help fight trash and pollution issues in Hong Kong.

Members are always the most important assets of any organization. One of the main reasons young people join JCI is to learn and improve themselves. So take changes and grab opportunities as they arise to challenge yourself and reach new heights. In JCI and in life, it is always up to the individual member to step up and get involved before any benefits can be harvested. With your dedication to impacting and changing the world as well as changing yourselves, I have no doubt JCI will provide each of you with a fruitful and joyful journey.

Thank you to the continued support of JCI Hong Kong Jayceettes. Every year Jayceettes has been known to create many impactful and original projects and I am looking forward to your plans for 2018.

Let us make many memorable moments this year! Beyond BeLIVE!

HONORARY LIFE PRESIDENT SENATOR JENNIFER YU

"Engage to Empower" is the slogan of JCI Hong Kong Jayceettes this year. This slogan is in high correspondence with our JC mission because JCI is a platform that provides development opportunities that empower young people to create positive changes! The more people we meet, the more experience we can gain and learn from it. Learning by doing. The JC people we meet every

PRESIDENT OF JCI YOKOHAMA KUSAJIMA JIRO

President Rosanna Wong, 2018 Board of Directors and members of JCI Hong Kong Jayceettes, As we are celebrating the beginning of year 2018, I would like to express sincere gratitude to all members of JCI Hong Kong Jayceettes.

I hope JCI Hong Kong Jayceettes and Yokohama JC friendship will be deepen in 2018. Yokohama JC is looking forward to seeing the friendship with JCI Hong Kong Jayceettes grows stronger than ever before.

Our slogan in 2018 is "YOKOHAMA-AI". Ai means Love in Japanese. Yokohama Ai is the love we have in the city we live. And most important is Love asks nothing in return.

"Love" does not consist in gazing at each other, but for looking together in the same direction. It is a famous passage, written by Antoine de Saint-Exupéry - His eminent masterpiece "The Little Prince" is well recognized all over the world.

I must say that we are very fortunate that we share the same love in both of our regions. When we share the same love it is easier for us to work together as one global team.

I sincerely hope that 2018 will bring us deeper engagement where we get to work together proactively for greater outcome.

PRESIDENT OF JCI TOYOTA YOSUKE YAMADA

We would like to extend our heartfelt thanks for having a new year's start in 2018 to all new board members including Ms. Rosanna Wong, President of JCI Hong Kong Jayceettes. PRESIDENT OF JCI ENTREPRENEUR METROPOLITAN JOYLINE CHAI

Congratulations to JCI Hong Kong Jayceettes!

It is my honour to have this opportunity to pen down a message in your 2018 Inaugural Ceremony. I would like to take this opportunity to congrats President Rosanna Wong and her board of directors for landing a successful kick start in 2018.

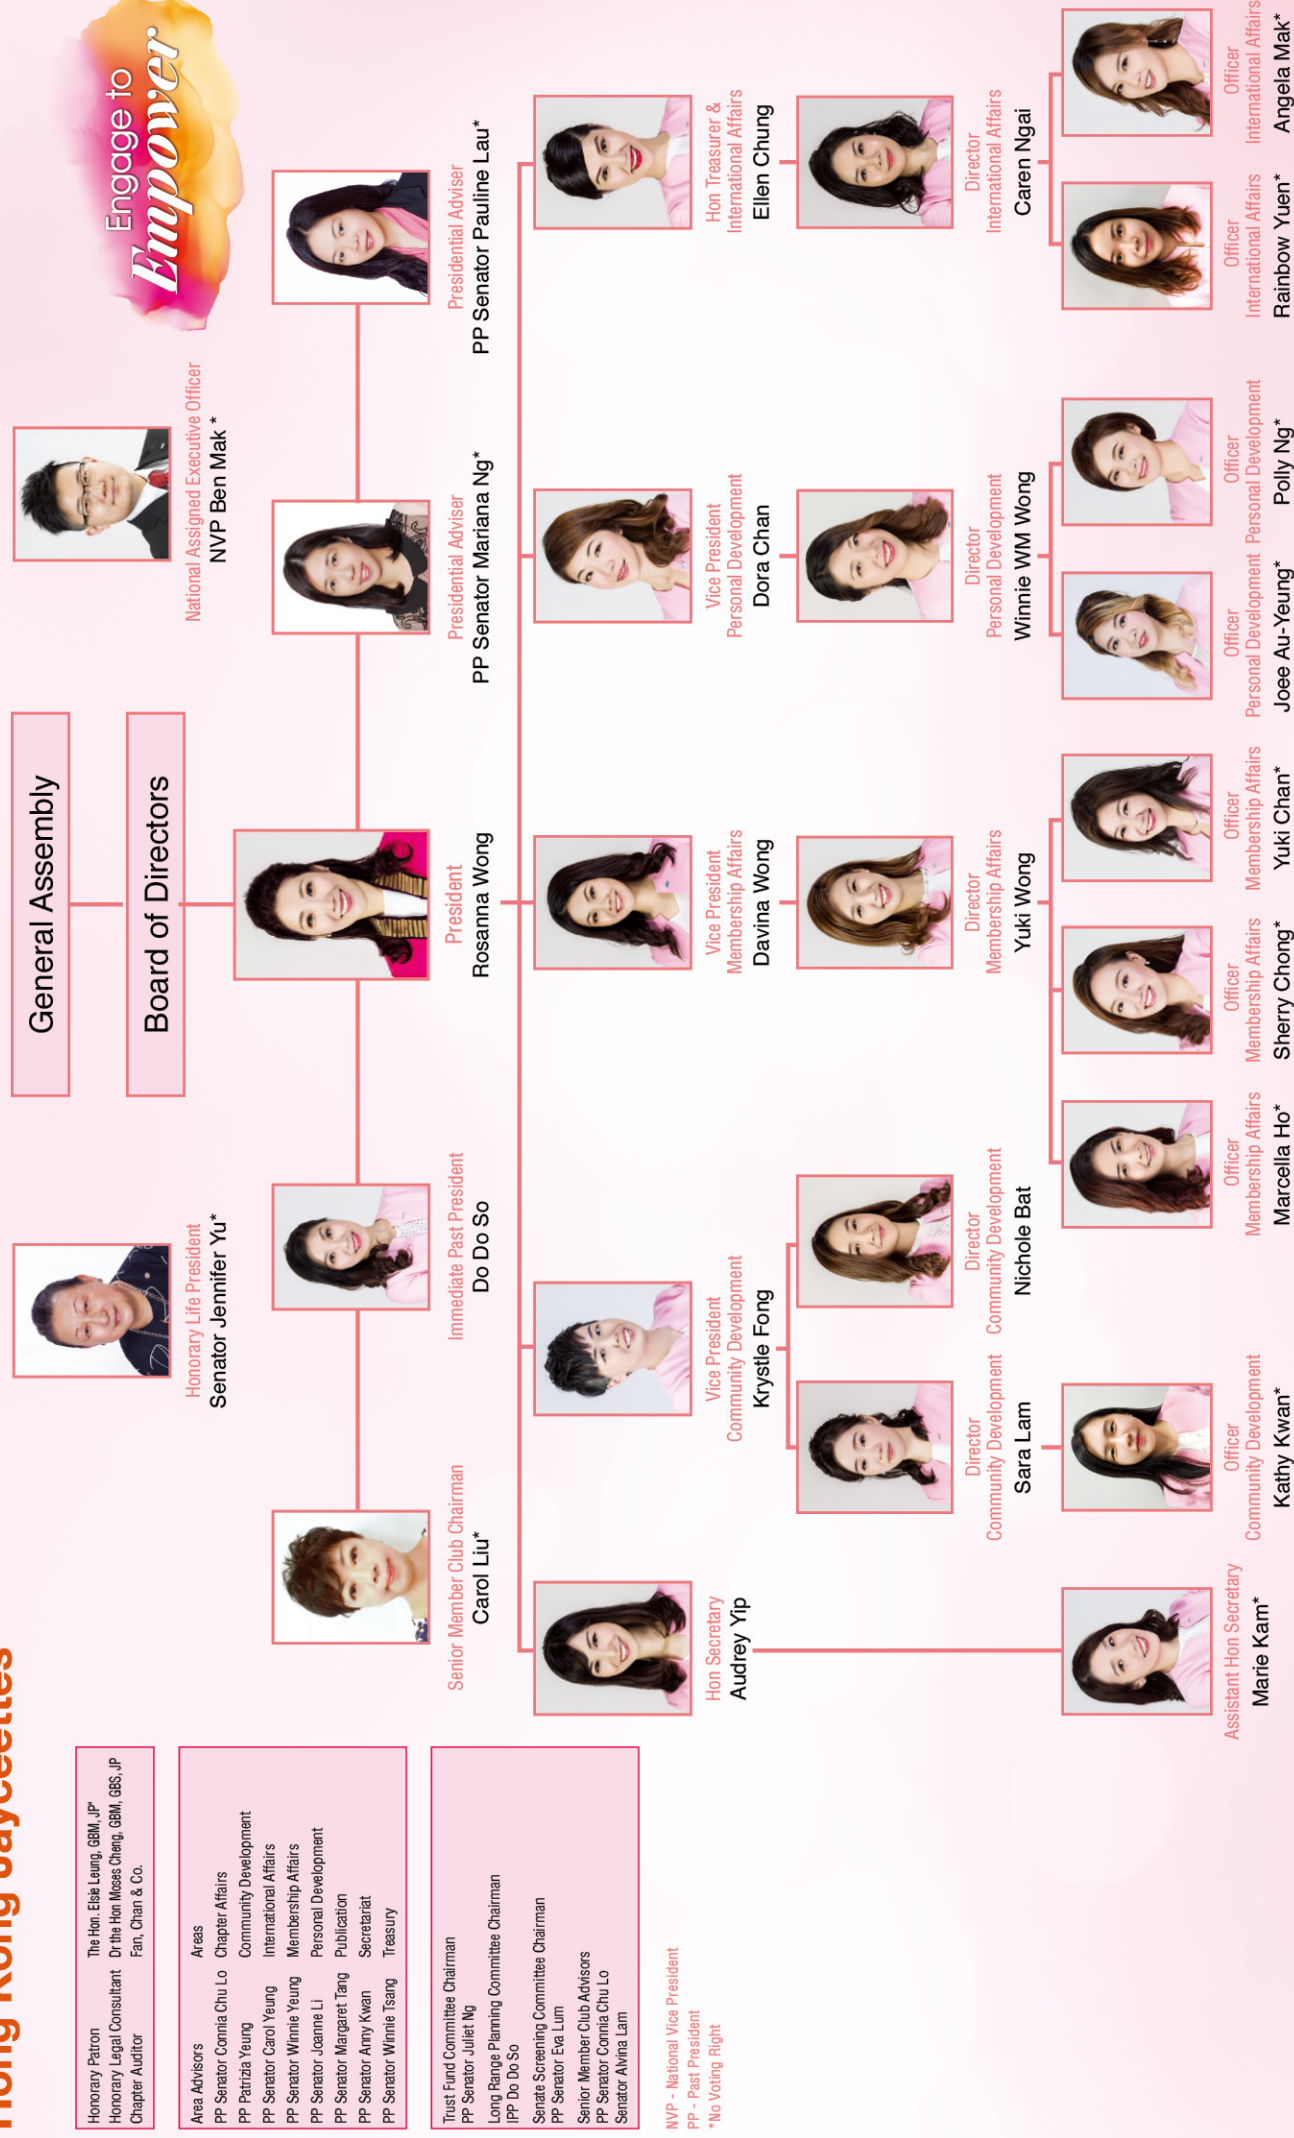

History of our friendship was formed back then in year 2005. Two passionate JCI Local Organizations created a leap of friendship internationally and here we are 13 years later, still in touch with each other.

JCI Hong Kong Jayceettes is one of the aggressive and passionate Local Organizations that I had came across. I remember during my unofficial visit back in October 2017, the girls take off their tiredness after a long working hours and warmly hosting me for a dinner.

Not to forget the great in touch with Immediate Past President Do Do, President Rosanna Wong, Vice President Davina Wong and Krystle Fong during our visit to 2017 ASPAC in Mongolia.

Let us toast for the friendship and may our future generation continue the spirit of both Local Organisations.

INTERNATIONAL AFFAIRS

International Affairs team is devoted to promote the importance of JC internationalism by engaging members to actively participate in international events, such as ASPAC & World Congress. To further enhance our relationship with overseas chapters, we plan to organize interesting activities such as Cathay City Tour or tram party during their visit to Hong Kong in giving our guests a unique experience!

Riding on the success of SDG Junior Ambassador Programme (SDGJA) last year, we will continue the SDGJA programme in 2018 to further influence young minds on the UN Sustainable Development Goals (UNSDGs). We hope to conduct the programme both locally and internationally, including collaboration with our sister chapters and friendship pacts. We believe that this will be a valuable opportunity for us as young active citizens to promote the UNSDGs, at the same time to plant good seeds and values in the future pillars!

MEMBERSHIP AFFAIRS

2018 Membership Affairs Area will focus on member retention and member extension. MA will act as a facilitator to identify the unique value of every member in the Chapter that will contribute to their personal and professional growth and facilitate them to learn skills that would assist further help in the advancement of their careers. In order to further promote the mingling of members, enhance their sense of belonging to the Chapter and encourage sharing of past JC experience among each other, a series of new initiatives will be launched, including the Big Sister Program, joint monthly casual gathering with Senior Member Club, effective manpower allocation system, member groups, regular informal gatherings and casual lunch, etc. For member extension, apart from regular PMOs, we will introduce a friend referral scheme to encourage members to extend their JC journey to their own circle of friends who share the same values. Together, we will support your personal and professional development journey whilst also making an impact in our community.

COMMUNITY DEVELOPMENT

The 2018 Community Development Team is excited to carry forward our well-established brand and flagship project Care & Dare 2018: Hong Kong Young Social Entrepreneur Contest with "Care for Disabled" as the main theme to raise social awareness on social inclusion.
